

37 Cliff Street, Whitby

www.37cliffstreet.co.uk

view from cottage window

This family-owned cottage is on a narrow, quiet street halfway down the cliff on the west side of Whitby harbour. It has a lovely view across the harbour to the abbey, and is within close walking distance of shops and the beach.

Accommodation

The cottage was originally built above a fisherman's warehouse and thus on the ground floor there is simply an entrance hall, toilet and stairs up to the next floor.

The first floor opens out to a living room area with tv and dvd player and a fully equipped kitchen area including electric cooker, microwave, fridge, kettle and toaster. There is also a bathroom with shower, toilet and washbasin.

On the second floor are two interconnecting bedrooms. The larger has a king size double bed, wash basin and shaver point. The smaller has a single bed and a single futon bed/chair. An iron and hair dryer are available.

The whole cottage is now smoke-free. We do wish to point out that the cottage has steep stairs which some may find difficult.

Visitors may provide their own bed-linen and towels, but if preferred these can be included at an additional cost of £12.00 per person.

Price per week for 2012
